

ID™ Locating Guide

Each sandal has its own Individual ID™ Number allowing its total history to be traced. The ID# format is a capital letter (stands for model) followed by four digits, e.g A1234

Please note: Models prior to 2009 may have a different format (only 3 or 5 numbers)

Classic | Stream

Open front strap of the right sandal

Gobi | Mojave

Open front strap of the right sandal

Crosser

Move the lateral heel and arch straps to opposite directions until it is visible

Djibouti

Look between the two layers of the black toe strap
